JARA|CSD

Exascale Computing

CPU vs GPU ?

- available Libraries
-

using Juwels as first step towards Jupiter.

What can CSD/RWTH do to use potential of Jupiter ?
(also teaching)

Develop MSc programs to incorporate usage of Jupiter.

How to get users/code up to speed?

- development of suitable Libraries for code/users.

How can JARA-CSD benefit from Jupiter?

- do we have a USP for proposals, and if yes what exactly is it, e.g. ① preference/priority for running time ② physical location ③ support by JSC ④ strong research groups?
